of publishing excellence*

DIVYA MEDIA
PUBLICATIONS PVT. LTD.

1,000+ Happy Customers | 3 Print Magazines | 5 Industry Portals

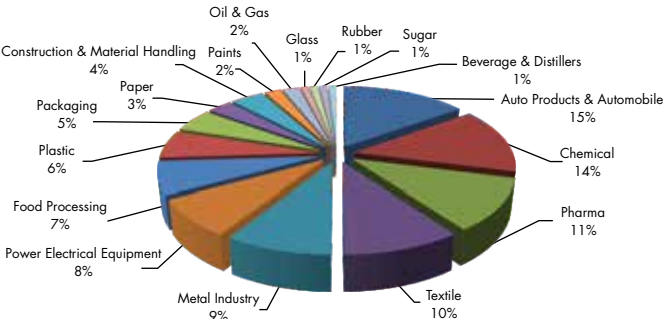

ENGINEERING REVIEW is India's leading industrial magazine on engineering & allied industry, published by Divya Media Publications Pvt. Ltd. which is consistent in delivering quality & authentic contents to the manufacturing industry.

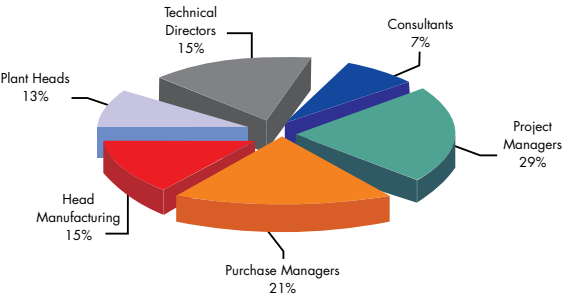

Magazine Focus

- Power • Machine Tools • Automation • Chemical & Process • Instrumentation & Control
- Gears & Motors • Pumps & Valves • Construction & Material Handling
- Hydraulic & Pneumatics • Industrial Cleaning • Metal Industry • Industrial Safety

Industrial Automation Review has expertise to provide informed and insightful coverage about industrial automation. IAR being arm of 17 year old brand - ENGINEERING REVIEW magazine has a legacy of unique editorial approach that provides knowledge & intelligence for management to IT to professionals on the plant floor. Automation professionals can keep themselves updated via latest industry news and developments, new products and technologies, and successful implementations that maximize return on automation.

INDUSTRIAL AUTOMATION REVIEW (IAR) provides industry insights to executive management, operations, engineering, and IT professionals in discrete and batch manufacturing and the process industries. IAR always keep its audience updated about products, technologies and strategies for process, batch and discrete control; software; safety; and the management of assets, information and energy.

Our Audience

- Manufacturing Heads • Maintenance Managers • Project Managers • Chief Engineers
- R&D Heads • Plant Heads • Technical Directors • Production Managers • Operations Heads
- System Integrators • Consultants

Industry Domain

- Chemicals • Oil & Gas • Pharma • Steel & Metal • Food Process • Packaging • Printing
- Platics • Rubber • Textile • Automotive • Cement • Power • Glass • Paper • Beverages

INDUSTRIAL AUTOMATION REVIEW is a digital platform in which our audience like Technical Directors, Plant Heads, Maintenance Heads, Operation Managers, Production Heads, Design Engineers, Project Managers experiences technological advancements in the fields of process automation, factory automation, instrumentation & control, building automation, robotics, fluid power.

Our Online Advertising Programs Include:

- Online Banners • Email Marketing with Customized mailers • Newsletter Banner Advertisements

INDUSTRIES COVERED

FACTORY AUTOMATION

- Factory Automation systems & equipment assembly
- Industrial Image Processing
- Sensor Technology
- Sensors and Measuring Equipment
- Industrial PCs

PROCESS AUTOMATION

- Analyzer systems
- Monitoring systems
- Safety systems
- SCADA systems

ROBOTICS

- Industrial robots
- Robot welding systems

BUILDING AUTOMATION

- Biometric access control systems
- RFID access control systems
- Building management systems
- Energy management systems
- Solar applications & solar integrators
- Green energy

POWERTECH REVIEW has expertise to provide informed and insightful coverage about Power and Electrical Industry, industrial electronics and allied equipment industries in India.. PTR being arm of 17 year old brand – ENGINEERING REVIEW magazine has a legacy of unique editorial approach that provides knowledge & intelligence for management to professionals who are key decision makers. Power Industry professionals can keep themselves updated via latest industry news and developments, new products and technologies, and successful implementations that maximize return on their investment for power and electrical product industry.

POWERTECH REVIEW (PTR) provides industry insights to executive management, operations, engineering, and power professionals in power plants & power utility companies, manufacturing industry. PTR always keep its audience updated about products, technologies and strategies for Manufacturers of Electrical/Electronic Goods, Power Generation, Renewable Energy, SEB's, Govt. and Semi-Govt. Bodies, Institutions.
